

# ZARIOT

CONNECTED. PROTECTED.

## CONNECTED

### Competitive data rates

Multi-IMSI global connectivity  
190+ countries, 650+ networks  
No "lock-in" contracts

## PROTECTED

### Cutting-edge security

End-to-end encryption  
Secure mobile network  
Full data privacy

## ENHANCED

### Multi-feature portal

Simple, open APIs  
Detailed analytics  
Easy integration & scaling

**Seamless & secure global cellular IoT connectivity with dynamic billing for total commercial flexibility. Take your business to a new level & reduce transactional risks today**

### Point of Sales (PoS)

Experience real-time, seamless & secure financial transactions

End-to-end encryption of all data (e.g., purchase details, customer information)

Zero siting limitations with global coverage & multi-carrier capabilities

Reduce transaction failures, customer wait times & possible loss of sales

### Vending machines

Instant, uninterrupted visibility for better inventory management

Ensures rapid adjustments of product availability & prices based on customer demand

Deploy devices from deep within buildings to rural areas, with always-on, reliable connectivity

Prevent costly equipment failure & malfunctions with predictive maintenance capabilities

### Customer analytics

Create a superior user experience & increase customer loyalty

Rich data on customer purchasing habits can increase qualified leads for marketing initiatives

Deeper insights on key store metrics like friction points, path trajectory & engagement time

Generate above-average revenue growth & discover previously hidden sales channels

### Easy integration

Extensive, open APIs for seamless integration

### Reliable ecosystem

Full feature flexibility via in-house & partnership solutions

### Bespoke platform

Management platform supports multiple technologies

### Greater control

Full ownership & operations of all core network functions

### Fine-grained data

Real-time insights of devices improves reaction time

### User-friendly

Simple & intuitive user experience with prompt support
